Hi Peter,

I've been asked to include you in a prep meeting for Lek Kadeli that will focus on a briefing to House Science staff on glyphosate. While we are aware that you were not involved in the IARC classification discussion, we thought it best to include you in the prep discussion. Let me know if you have any questions. Thanks!

Viktoriya

Hi All,

As some of you may know, Lek has been asked to provide a briefing on glyphosate to House Science staff next week. I will be setting up a briefing for Monday to go over the IARC general review process as well as the role of EPA staff in the recent IARC glyphosate review. Let me know if you have any questions.

Thanks,

Viktoriya
